Introductory Note

THE preparation of the material in this Alumni Directory has been a long and tiresome task, lightened only by the belief that through the efforts expended upon it the records in the alumni office might be made more complete. At least some achievement has been made along this line and if errors in addresses still exist alumni are urged to send us at once any corrections.

The compilation of some of the material would have been impossible had it not been for the Alumni Directory of 1914. To former Professor Walter Ray Bridgman, the late John J. Halsey, and A. Duane Jackman, '06, members of the Committee of Publication of that volume, the workers in the alumni office owe a great deal. The secretaries and presidents of all fraternity and sorority alumni associations have also been of great help in locating "lost" alumni.

As can be seen from the table setting down the geographical distribution of alumni there are some three hundred graduates and former students whose correct addresses are not on file in the alumni office. About 97% of these are non-graduates and persons holding honorary degrees. If any reader can supply any of these missing addresses the alumni office will greatly appreciate the effort involved in sending them to the College.

Students who were at Lake Forest less than one semester and those who failed at the end of their first semester in College have not been included in these lists. In all cases, the official Registrar's books have been used as the basis for determining the year in which students entered and left.

Before 1893 some of the graduates were given Ph.B. or B.S. Since 1923 the B.A. degree in Business Administration has been given. The recipients of these degrees are noted. In most

cases the Master's degrees given since 1893 have been on examination although a few of them are given for study in course.

The Alumni Secretary and his co-workers will be very glad to receive notice of errors in this volume and corrections. The copy has been nine months in preparation and many changes have probably occurred during that time.

FREDERICK H. HAYE, *Alumni Secretary*
Editor

The Alumni Association

At the present time the organization of Lake Forest alumni is centered in the general alumni association. All graduates and non-graduates are considered members and the annual meetings are held each year at Commencement time.

In times past Lake Forest clubs have existed in various cities and sections of the United States. With the exception of the Chicago men who meet for luncheon once a month these groups are now inactive. It is hoped that the publication of this book will spur on some activity in cities where ten or more Lake Foresters now reside to the end that soon there will be several such organizations in active work. The Alumni Association itself will undoubtedly make moves toward the establishment of such units as soon as time and finances permit.

Officers of the General Association

The forty-ninth annual meeting of the Lake Forest Alumni Association was held on June 12, 1931, at the Calvin Durand Commons, with a hundred and fifty alumni present. The officers elected at this time for the year 1931-32 are:

President.....Chester R. Davis, '19, Chicago
Vice-president.....Raymond Moore, '20, Milwaukee, Wis.
Secretary-treasurer.....George C. Rice, ex '98, Chicago

The Alumni Council

In the Constitution of the Alumni Association drawn up in 1920 provision was made for an Alumni Council which should "meet and counsel with the President, trustees, and faculty of Lake Forest College regarding the affairs of the College, and to do all things that may be helpful to the College." The Constitution provides that five members be elected each year for a term of four years. This provision has been violated in certain

years when more than five members have been elected. At the present time there are twenty-two members on the Council, not including the officers of the Association and the President and Treasurer of the Alumni Fund Association who are members ex-officio. The members of the Council are:

The Alumni Fund Association

In 1921 the Lake Forest Alumni Fund Association was incorporated in order to carry on annual alumni fund campaigns. The direction is in the hands of nine directors elected for three three-year terms. All monies of the Alumni Association go through the Alumni Fund Association. The expenses of the Alumni Office are paid through the College financial channels

and in return the Alumni Fund turns over to the College sums of money at various times to take care of this expense.

The directors of the Fund Association and the officers they have elected for 1931-32 are:

The Chicago Luncheon Club

The Chicago Luncheon Club has been meeting every other week for several years. Speakers are arranged for at least once a month and at the present time there is a proposition to have the meetings of the club but once a month. Robert Duncanson, '25, has served as chairman of the group for the past two years. Notice of the meetings of this group are published in the Alumni Bulletin. All out-of-town alumni are invited to attend whenever they are in Chicago.
